FOIA request

Austin Berg <aberg@illinoispolicy.org>
To: gov.foia@illinois.gov

Thu, Mar 7, 2019 at 10:28 PM

Pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1, I am requesting records regarding the methodology and/or assumptions used to estimate \$3.4 billion in additional income tax revenue under Gov. Pritzker's [proposed income tax rate structure](#), including but not limited to:

- Number of returns in each of the proposed income brackets
- Total income generated from the tax returns in each income bracket
- Total income tax revenues from the tax returns in each income bracket

The principal purpose of this request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and not for the purpose of personal or commercial benefit. Therefore, I request a waiver of any and all production fees.

I would prefer all documents be produced in electronic format.

I look forward to receiving your response within five business days, per 5 ILCS 140/3(d).

Thank you for your attention to this matter.
